Rheumatism

Two Bottles Make a Complete Cure.

Perhaps your rheumatism is not bad
enough to confine you to the bed; yet
your muscles and bones ache every
time a storm approaches, making you
generally miserable. We can bring you
positive and prompt relief.

Mrs. Isabella Menzies, of Glasgow,
New Zealand, sends this letter and her
photograph.

"I took a hard cold which resulted in a
severe attack of rheumatism. I tried all kinds
of remedies without relief. Then I tried

AYER'S Sarsaparilla

I was not disappointed, for after taking only
two bottles the rheumatism all left me and I
was cured. I want to say a word to let you
know what a wonderful medicine your
Sarsaparilla is for those suffering the severe
pains of rheumatism."

To make a quick cure, take Ayer's Pills with
the Sarsaparilla. They make the liver active,
cure biliousness and constipation.

WARFIELD'S VIEWS

TELLS HOW HE ENJOYED HIS
VISIT HERE

Sketches of the Rapid Diminution in
Numbers of the Native Hawaiians.
Seen by ONLY a Memory.

SAN FRANCISCO, March 6.—General
Warfield, proprietor of the California
Hotel, who returned from a two months
vacation trip to the Hawaiian Islands
yesterday, was kept busy all last evening
and today relating his friends and
telling them stories of his visit in the
tropical islands.

"It's the greatest place in the world
to go to for a holiday and a rest," he
said. "I refused all kinds of invitations
for public functions, because I went
there to rest, but I spent much time
among the natives. If there are any
more charming people on the face of the
earth than the native Hawaiians I
would like to find them. After meeting
them I come back with one regret, and
that is that the race is fast diminishing.
The natives do not like to admit it, but
they realize that it is so. The death
rate among them is very high—nearly
four times that of the other races on
the island. A few years ago the census
of the natives on the islands of the
group was estimated at between 100,000
and 150,000, and now the highest esti-
mate does not place their number at
over 40,000.

"Rapid changes are taking place in
the population of the territory. Not a
great many years ago everybody knew
everybody else in the city of Honolu-
lu, and for that matter in the whole
of the island on which it is situated.
Now people are strangers to each other.
The rush of the electric car has taken
away all the romance of the happy,
idle life of the native. It has driven
them almost out of the life of the place,
and I am afraid it will only be a few
years more when the true native Hawa-
liian will be only a memory of the past."

ETURIA DISABLED.

NEW YORK, March 7.—Three New
York agents of the Cunard line said to-
day they had received no further infor-
mation of the Etruria, but the steam-
er Elbe will take off the Etruria's pas-
sengers and transfer them to Liverpool.

LONDON, March 7.—The official in-
formation of the Cunard line declares there is no
cause for alarm over the Etruria.

LONDON, March 8.—A dispatch to
the Daily Mail from Horta, Azores Is-
lands, says the Cunard steamer Etruria
is hourly expected at that port.

About 7 o'clock this morning of
February 27th, continues the correspon-
dent of the Daily Mail, a rumbling
sound in the engine-rooms of the Etruria,
followed by a crash, announced
that the propeller had gone, and it was
soon discovered that it carried away the
lower shaft. The Etruria was then
in latitude 40 degrees 3 minutes north,
longitude 40 degrees 35 minutes west.
She was experiencing fine weather, al-
though not long before the weather
had been blustering. There was no ex-
citement among the passengers when
they heard of the accident.

An hour previous to losing her prop-
eller the Etruria had exchanged good-
night signals with the Cunard steamer
Umbria at a distance of about forty
miles and had dispatched wireless tele-
graphic messages from her passengers
for delivery in New York. Shortly after
the accident the Etruria tried again,
but unsuccessfully, to call up the Um-
bria.

The same night the British steamer
Cliff stood by the Etruria until daylight when an ar-
rangement was made to tow the Cunard
steamer. On the morning of February
27th the British steamer Ottawa was
sighted. The Ottawa stood by the
Etruria until March 2d. Nearly two
days were spent in raising a jury rig
for delivery in New York. The Etruria
was towed less than fifty miles.

PORTO RICO ASKS A BOUNTY.

WASHINGTON, March 7.—Speaker
Henderson today presented to the
House a request of the House of Dele-
gates of Porto Rico setting forth the de-
pressed condition of the coffee industry
and asking that a bounty of 5 cents a
pound be paid out of the United States
Treasury for coffee raised in Porto Rico
and exported.

LITTLE REVERSED.

Supreme Court Decision in Ah Quong
Case.

The Supreme Court yesterday rendered
a decision reversing Judge Little in
the case of the Territory vs. Ah Quong,
who is serving a life sentence for rape.
The lower court allowed oral exceptions
and then refused to sign written excep-
tions on the ground that the case had
not been finally disposed of. The Su-
preme Court reverses Little and allows
the exceptions, but holds that it cannot
hear the case until final disposition has
been made by Judge Little. The opin-
ion is written by Chief Justice Frear.

P. D. Kelle, Jr., as master, reported
under the account of J. F. Hackfeld in
the matter of the Eblers minor's guar-
dianship. The master finds that the
guardian has overcharged himself with
\$7.74 interest. The master recommends
that the guardian be required to file a
new bond the old surety having died.

John H. Wilson has filed in motion
asking the return of the fine of \$100 im-
posed by Judge Humphreys for disobey-
ing the injunction granted in the case
of Territory vs. Liliuokalani and Wilson.

The Supreme Court recently decided
that the defendant had the right to re-
move the sand for which act he had
been fined.

Judge Humphreys made an order yes-
terday dismissing the case of Territory
vs. Liliuokalani in accordance with the
Supreme Court decision.

Charles F. Murray has asked to be
appointed administrator of the estate of
T. B. Murray. The estate is valued
at \$2500.

The eighth annual accounts of the J.
H. Wood Trust were filed yesterday,
showing receipts for the year to be
\$6755.18 2-3 and expenditures \$6880.25.
Part of the estate is invested in \$2000
Oahu Railway and Land Company
bonds.

Application has been made for the
appointment of a trustee for Jacintha
J. Walsh, a minor, in order that she
may withdraw a deposit of \$180 from
the First National Bank.

CHINESE IN PHILIPPINES.

WASHINGTON, March 7.—Senator
Dubois today presented to the Senate
a memorial from the American Chamber
of Commerce of Manila urging that the
immigration of Chinese coolies into the
Philippine Islands be permitted under
restrictions to be imposed by the Philip-
pine Commission. The memorial was
received by all the Senators, and Sen-
ator Dubois asked to have it read in or-
der to call attention to the situation
there.

RAILROAD REBATES.

CHICAGO, March 7.—United States
District Attorney Gehring has received
instructions from the Department of
Justice at Washington to begin legal
proceedings against all railroads con-
cerning in Chicago whose officials testi-
fied before the Interstate Commerce
Commission to infractions of the law.
The District Attorney today received
from the Interstate Commerce Commis-
sion a transcript of evidence taken in
Chicago in two recent hearings, and
also of evidence taken at sessions held
recently in St. Paul, Kansas City,
Washington, New York and other cities.

It is understood that suits will be in-
stituted not only in Chicago, but in
several other cities where it may be
deemed necessary to attain the end de-
sired, which is the observance of the
law. Under the evidence secured in
Chicago it would be possible either to
bring criminal proceedings with a view
of preventing further infractions. Un-
less there is a change in plan the latter
course will probably be pursued. If,
however, the Commission can succeed
in getting the data that some of the
executive officials promised them when
upon the witness stand, it is altogether
possible that indictments will be sought
against the representatives of packing
houses which accepted rebates during
1901.

The prayer for an injunction will be
as broad as it can be made under the
law, and will seek to restrain, not
only the payment of rebates, the organi-
zation and conduct of pools and all
agreements between roads as to rates
or other matters.

CABLE TO PHILIPPINES.

Governor Taft Favors Government
Ownership of Such a Line.

WASHINGTON, (D. C.), March 6.—
Governor Taft is in favor of the Gov-
ernment ownership of the cable be-
tween the United States and the Philip-
pines. He expressed himself today
before the House Committee on Naval
Affairs.

Mr. Hamilton of the committee asked
Governor Taft what would be the effect
of building the cable.

Governor Taft said the bond of union
between the United States and the Philip-
pines would be made stronger by the
government building the cable. First
of all a cable was wanted, owned by
the Government or a private corpora-
tion, but he preferred government own-
ership.

A NEW SECRETARY.

NEW YORK, March 7.—A special to
the Sun from Washington says: It is
now accepted in Washington as settled
that Representative William Henry
Moody of Massachusetts will be ap-
pointed Secretary of the Navy. Philip-
pines. He is expected as it is thought he
will do between now and May 1st.

The selection of Moody meets with
university approval, as he seems to be
possessed of the very qualifications
needed in a man at the head of the
Navy Department. He is younger, 48
years of age, physically strong and alert
and a man of brains and a good lawyer.
He graduated from Harvard in 1876, was
District Attorney for the Eastern dis-
trict of Massachusetts from 1890 to 1895
and is a man of the very highest char-
acter, a hard worker and especially
strong in will power.

Moody is a bachelor, and has never
been prominent in so-called official so-
ciety in Washington. He is, however,
popular with his acquaintances, and has
many very warm friends among the
leading men in public life, particularly
members of the Massachusetts delega-
tion, and is very highly regarded by
President Roosevelt.

GEN. MACARTHUR.

WASHINGTON, March 7.—An order
issued today by Lieutenant-General
Miles, commanding the Army, direct-
ing Brigadier-General J. C. Bates, com-
manding the Department of the Mis-
souri at Omaha, to take temporary
command of the Department of the
Lakes at Chicago, on the retirement
of Major-General Otis on the 25th inst.
This assignment is in addition to Gen-
eral Bates' present duty, and is only
temporary, pending the assignment of
a permanent commander of the Depart-
ment of the Lakes.

Major-General MacArthur, com-
manding the Department of Colorado at
Denver, undoubtedly will be trans-
ferred to the command of the Depart-
ment of the Lakes as soon as his suc-
cessor in command of the Department
of Colorado is selected. Brigadier-
General Funston, it is said is slated
to succeed MacArthur in the Department
of Colorado.

elected: W. R. Riley, president; A.
Chambers, vice-president; G. C. Thomp-
son, secretary and treasurer; R. Ander-
